

How-to guides

Step-by-step instructions for customers, catalog setup, projects, and workflows. Each guide supports **Read** mode (documentation) and **Try it** mode (interactive UI recreation).

1 • Customers & sites

Create customers in Admin, add physical sites, and understand how they link to projects.

[Admin · Customers](#)

2 • Divisions, products & features

Build the product catalog and feature library that workflows and projects depend on.

[Settings](#)

3 • Projects & project types

Installation, inspection, and mixed projects — team members, products, and workflow modes.

[Projects](#)

4 • Workflows & builder

Author work instructions, mandatory photos, team selects, and publish to the field.

[Workflows](#)

PDF versions

Print-ready PDFs live in `training-guides/pdf/`. Regenerate with `node training-guides/scripts/generate-pdfs.mjs` from the repo root.
